Oil & Gas Technical Strategy and Planning Group

JOGMEC took part in The 11th International Exhibition of Equipment and Technologies for Oil and Gas Industries (NEFTEGAZ2006) in Russia held from the 19th to the 23<sup>rd</sup> of June 2006.

JOGMEC was awarded “The Most Technologically Advanced Stand” by the Event Organizer. Over 800 companies took part in this Exhibition and 6 were awarded prizes including JOGMEC.

We exhibited a DME (Dimethyl Ether) truck and panels to show Japanese technologies of DME and GTL (Gas to Liquids).

The DME truck on display at JOGMEC Booth.
